

LAUNDRY DETERGENT

WE RECOMMEND USING LAUNDRY PODS OR LIQUID DETERGENT FOR BEST RESULTS

OR

±

1 LAUNDRY DETERGENT POD OR PAC

Place one pod in washer before loading your clothing. Never place pods in the detergent compartment.

2 TABLESPOONS LIQUID DETERGENT

For best results, use only two tablespoons of High Efficiency detergent. Pour in labeled detergent compartment.

FABRIC SOFTENER

Always refer to the instructions on the fabric softener container to make sure you are using the correct amount.

HELPFUL TIPS

-  Do not pour fabric softener directly onto clothes, as this may stain them.
-  Always check the dosing instructions of the detergent and fabric softener you're using.
-  Do not use fabric softener on garments known for wicking moisture.
